

November, 2010

Please accept our heartfelt thanks for your generous contribution to our first annual Clove Lakes "Follow Your PATH to Recovery Walk!" on September 26th, 2010. Through your help, we were able to reach our fundraising goal! As you know, fundraising is an integral part of how PATH Family Center keeps its costs down for its patients and we are so grateful to you for enabling PATH to continue this practice.

We promised our existing patients that we would credit 25% of what they raised back to their own accounts here at PATH, which we did in the total amount of \$12,000.00. Then, the Incurable Illness Foundation generously matched 75% of that figure for an additional \$7,000.00 credited to our patient's own accounts. Additionally, we were able to put money into our *Families In Need* fund, and give 2 children who were unable to afford our program full scholarships. Because of you, we were able to also sponsor 3 children in our Follow Your PATH to Fitness afterschool program, which guides children in building healthier lifestyles by eating right and exercising. On top of all this, we were able to retain a research assistant, as we are further investigating how biomedical and nutritional interventions, in conjunction with other therapies, are positively effective in treating children with autism and other disorders. Lastly, we were able to expand our library, which is very important to all of us, as education is a big part of our program.

This fundraiser was made possible by collaborating with the **Incurable Illness Foundation**. IIF is a fully Tax Exempt 501(c)(3) non-profit organization established in 1986 to support institutions devoted to research, education and the care of individuals with developmental and medical issues in the United States and Greece. Thank you for your generous donation in the amount of \$_____. Please retain this letter for your tax records.

If you have any questions, or are ever in the area and would like to stop by and see our facility, feel free to call us at (718) 494-4120.

Thank you,

Leah L. Sosa
Practice Manager
